Keep the Most Important People in the Loop

Give family members, such as parents or healthcare proxies, access to your Portal. This needs to be done within your healthcare facility and requires consent from you and your family members.

What if I have technical problems with the Portal? There is a "Contact Us" section on the home page of the Portal that allows you to submit any questions you have regarding the Portal. You may also call 662-725-2525 for assistance.
